High School Graduates:		District Owned Operation	
High School Diplomas-Regular	166	* Certificates of Completion issued at a district level	
Other Completions*	0	** Limited English Speaking (LEP)	

## Superintendent's Highlights

### Portfolio

The Preston Board of Education passed a policy that basically states that every certified employer will be responsible for passing the State Technology requirement and will be completing the technology portfolio for the district. During the year we have provided one-half day training sessions for all of our people to assist them in the completion of their portfolio. Our projection will be that our certified employees will have this task completed by January 1, 2000.

### Accelerated Reader

We have three schools participating in the accelerated reading program. Pioneer and Oakwood Elementaries along with the Jr. High. This program has been an incredible success within our District with the Oakwood Elementary receiving the A+ Award from The Idaho Teacher's Association for exemplary schools with this project.

### Bus Garage

Serving as our own contractor, we have completed a seven bay bus garage which will allow our mechanics to maintain our buses in a modern up to date facility. This garage features a drive thru wash bay which is a delight for our drivers as they clean and maintain their buses.

## Progress Towards Meeting District Goals

1998-99 Goals	Progress
Curriculum Coordinator	For the first time in the School District's history we will be appointing a curriculum director. Dr. Jerry Waddoups will have the responsibility of the coordination, evaluation and planning of the District Curriculum K-12.
Building Program	<ul style="list-style-type: none"> <li>During the 1998-99 school year the District experienced a huge growth in the kindergarten area. In order to house the additional first grade students the district will be building a six-classroom addition to Pioneer Elementary. This addition will also connect the Oakwood Elementary to the Pioneer. By doing this it will allow the District to use the additional classrooms for either school depending upon each school's need.</li> <li>Preston School District has never had a certified track and field complex. During the coming year we will build and pay for such a complex. The Preston Education Foundation who has had great interest in a track facility will purchase all new equipment needed for this project.</li> </ul>
Technology	The District has met the goal of placing Pentium computers at every teaching station and this year will be upgrading these Pentium and adding additional computers to classrooms where teachers take great interest in learning from technology. It will be the goal of our technology committee to place more and more information on the District server so that patron and other people with interest in what's happening in the Preston School District may access thru the Internet process.

## Student Profiles

### Ethnicity

Race	Male	Female	Total
White	47.87%	46.20%	94.07%
